To: Susie Irlbeck <sirlbeck@stgens.org>;

Friends,

First: This **Wednesday, May 9th**, the siding for the house will be delivered. We are asking for a group of folks who would consider helping to bring the siding into the house to keep it out of the weather so it will be in good condition to paint the first coat on Saturday before it is installed.

Secondly: We celebrate that the sheetrocking for the house has been completely installed! Thank you to all of you who worked skillfully and tirelessly to accomplish this major task. We continue to move forward on schedule and as planned, thanks to so many of you.

Please consider joining the team as we progress toward the finish line. There is always a crew leader on-site to provide direction. Click on the link below to view available shifts and thank you for making a difference.
